

Ensure Team Knowledge while Maximizing Budget Dollars

Keep your team current on the latest technological advances and certifications, without impacting future budgets. Nova Datacom's Training Voucher program provides a flexible way to ensure your team has access to training when it's needed most.

The vouchers are offered in standard packs of 50+ depending on your training and budget requirements. With the purchase of every 50-pack you will receive 3 additional vouchers at no extra cost. Vouchers can be used by any authorized member of your team within 12 months following purchase to attend Instructor-Led classes or to purchase self-paced mLearning courses (current class offerings can be viewed at www.novadatacom.com/training).

Two Training Type Available to Suite Your Teams' Learning Style:

- Offering **formal classroom instruction** with full lab access, or on-site worldwide, Nova Datacom, under the direction of industry veteran and Quad CCIE, Dual JNCIE, and CCDE, Scott Morris, offers a variety of training curriculums to satisfy a broad range of requirements. Our instructors maintain a wide area of expertise to best present information as it relates to specific customer environments.
- Aimed at the student on the go, Nova Datacom has developed a collection of **self-paced mLearning** partner authorized training modules that can be accessed via a variety of web-based platforms. Instruction is at the student's own pace, through multiple subscription options, and offers access to supplemental training, lab materials and hands-on access to equipment.

Nova Datacom Training Vouchers Provide:

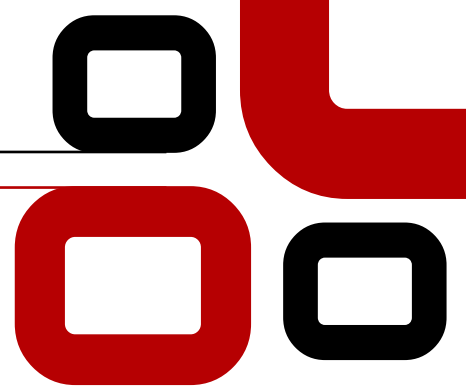

- **Flexibility**- Receive the right training, at the right time, without committing to specific training requirements before they're defined. With training resources available throughout the year, you can ensure that your team is receiving the training and certifications they need, when they need them, to keep your operations running effectively.
- **Convenience**- Save time, effort and the hassle of repetitive POs and paperwork by taking care of all your yearly training needs with one purchase.
- **Ease of Use**- Nova Datacom tracks and monitors your Training Voucher program to give you visibility into who has attended which courses, remaining Vouchers available, and more.
